

Students and staff of Kids to School wish you a sparkling and happy 2018

Seven of the ten Kenyan students

Three of the four new Kenyan students and the students from Tanzania and our new student from the Philippines

The participants in the student day

José and Ans have just returned from an inspiring trip to Kenya. Together with our students, a number of alumni, the members of Kids to School Kenya and two very inspiring women, we had the annual student's day. José and Ans have also visited the families of 3 of the 4 new students. We are pleased that thanks to you we can include 5 new students in our program. Thank you. However, your help is also needed for the future. More information about the past year and our trip can be found in the newsletter in February 2018. On the website you can read the latest news throughout the year.
